

## EXPERIENCES CONTINUED

### ● UX Designer, athenahealth

2015 - 2017

As an experience associate at athenahealth, I have worked with three different scrum teams:

I am in charge of the strategy and design that my particular scrum team executes on for the Clinicals EHR product. I utilize the agile methodology to stay ahead of my team and keep an eye on the vision while supporting a team of developers in each sprint. My role includes wireframing, visual design, and conducting research studies.

#### My work includes:

- Designing the new MIPS Dashboard
- Redesigning and optimizing the athenaCapture app
- Guiding all design work focused around Quality Reporting
- and many more projects...

#### At athena, I have immersed myself in the culture:

- Member - P3 Leadership Discussion group
- Member - Diversity Council & Women's Leadership Forum
- Co-led a tools consolidation task force for UX
- Member - UX Onboarding task force
- Member - UX Training task force
